# PrismaGuard® Premium Paint

## High-Definition Color

Delivers a pop of color, allowing you to tailor the look to make a beautiful lasting impression.

- 1 It starts with the smooth or wood-grained surface of a Therma-Tru door, composite door frame or door surround.
- 2 A base coat provides an even, consistent color across the surface.
- 3 A durable topcoat enhances the high-definition color while protecting against scratches and color fading.
- 4 A second application of the topcoat provides added durability and optimal sheen for a high-end look.
