Tough when you need it. Beautiful always.

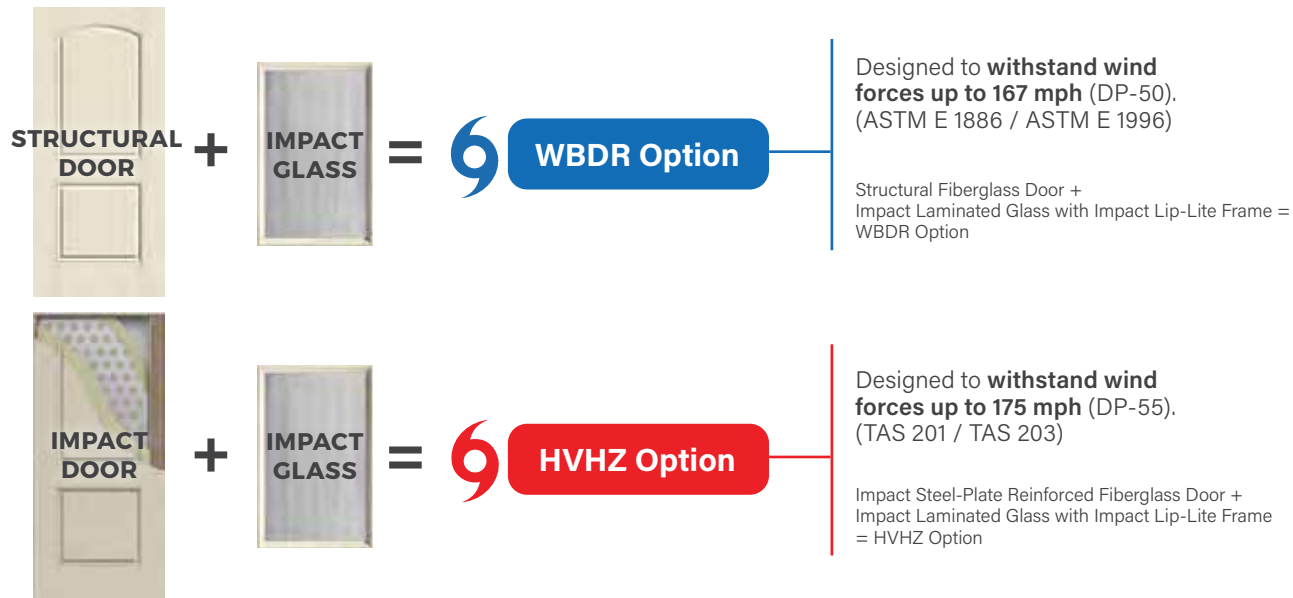

Impact-Rated Products

Therma-Tru offers Impact-rated doors and glass that can be used to meet high-wind and coastal region codes and regulations, offering excellent performance in extreme weather conditions while providing added protection.

1 Use the map as a guide to find out if you need product for WBDR or HVHZ.

Always confirm building code requirements in your area before buying.¹

2 Use the icons to find available Therma-Tru® product options in this brochure.

WBDR / HVHZ Options: Look for this icon to find door and sidelite styles that can be configured for WBDR or HVHZ.

3 Verify that there is a Therma-Tru product approval specific to your area for the door system configuration before buying.¹

4 Make sure the product is installed in compliance with the product approval to meet building codes.

The performance of the door system depends on how it is installed. Proper installation is required to comply with building codes.

¹Product approvals show that the door system meets applicable codes when selected, assembled and installed as instructed. Note: See your Therma-Tru seller or visit thermatru.com for product approvals and installation instructions. Always confirm building code requirements in your area before buying. Follow weather and news reports to assess severe weather situations and obey local authorities' shelter and evacuation orders.

2 No product guarantees safety for persons or property, nor makes any premises hurricane- or impact-proof.

NEW WBDR full-lite flush-glazed styles starting on page 13.

IMPACT OPTIONS

Constructed to help protect the interior of the home from flying debris and high winds associated with tropical storms and hurricanes, these products are tested to meet codes and regulations in coastal regions, including parts of Florida, Texas and the Carolinas.¹

Doors

Feature a built-in 24-gauge steel plate.

Lip-Lite Frame

Features durable, paintable aluminum construction. An attractive scrolled profile gives a thin, sleek appearance and a screw channel cover helps hide unsightly screws.

NEW Flush-Glazed Glass

Offers clean style and an increased daylight opening.

Glass

Features special laminated glass construction.

Internal Blinds

Features laminated glass construction and a durable, paintable aluminum lite frame with a flat profile.

Available Glass Shapes

Classic Craft®

Curated collections inspired by style.

Classic Craft celebrates the best of design for homes with uncompromising style. Three expertly curated collections draw inspiration from the latest trends and bring your home design vision to life with unrivaled beauty, luxe craftsmanship and an attention to detail you won't find anywhere else.

True-to-Wood Origins

Revel in the handcrafted look and feel of a premium fiberglass entryway with true-to-wood origins. Discover exquisite textures with grains hand-selected from the finest natural wood species and meticulously recreated with our revolutionary AccuGrain® technology.

AccuGrain.
TECHNOLOGY

FIR GRAIN

Designed to echo the grain of the largest species of American Hemlocks — the Western Hemlock tree — found in lush coastal rainforests of the Pacific Northwest.

WALNUT GRAIN

Crafted to reflect the prized hardwood of the mighty Black Walnut trees, these doors feature a horizontal grain with natural movement accented by delicate arches and cathedrals.

MAHOGANY GRAIN

Derived from the finest African and Honduran Mahogany, blending rustic influences with exotic roots to build upon the rich history of one of the most renowned woods in the world.

CANVAS

Inspired by the world's most exquisite masterpieces and designed with the architectural character of finely sanded wood.

Fiber-Classic® & Smooth-Star®

Fiber-Classic and Smooth-Star doors rated for HVHZ feature composite edge stiles.

FIBER-CLASSIC® MAHOGANY COLLECTION™

Fiber-Classic Mahogany complements rich wood tones in home interiors, extending the look to the outside with beauty and elegance.

FIBER-CLASSIC® OAK COLLECTION™

Fiber-Classic Oak is the door that started the fiberglass revolution and features the warm look and feel of natural Oak graining.

SMOOTH-STAR®

Smooth-Star fiberglass doors are ready-to-paint with crisp, clean contours making them the more attractive and durable alternative to steel.

Top: Fiber-Classic Mahogany Collection, Riserva Glass, Door – FCM574, Finish – Elderberry

Note: Glass privacy ratings may be more or less than indicated, based on glass design and size of glass. Glass designs may differ from depiction due to size and hand craftsmanship of glass. See your Therma-Tru seller or visit thermatru.com for details on glass privacy ratings and designs.

EnLiten™ Flush-Glazed Designs

EnLiten flush-glazed designs feature double- or triple-pane glass built directly into the door with a high-performance dual adhesive weather seal. This creates a seamless look with a simple profile around the glass and no lite frame or screw plugs. Expand your view by 16%¹ — choose flush-glazed glass for more natural light and a sleek, uninterrupted aesthetic.

See the difference.

EnLiten flush-glazed designs provide a simple profile with no added embellishments around the glass.

Look for the (▲) symbol.

Warranty riders for peace of mind.

EnLiten™ Flush-Glazed Rider

For Construction & Installation

Provides protection in case of accidental glass breakage during residential and multi-family construction or installation. Therma-Tru will replace the flush-glazed fiberglass door or sidelite.

For Homeowners

Provides protection in case of glass-related failures due to manufacturer defect. Therma-Tru will furnish \$300 toward installation and replace the flush-glazed fiberglass door or sidelite.

¹EnLiten flush-glazed designs offer up to a 16% increase in visible glass area compared to conventional lite frames.

Note: Please verify that there is a Therma-Tru product approval specific to your area for the door system configuration before buying.

Multi-Point Locking Systems (MPLS)

Engages the door frame at the top, middle and bottom, providing continuous protection along the door edge for enhanced security vs. a traditional deadbolt.

LEVER-STYLE MPLS

Lever-style handlesets bring form and function together with decorative styles. A convenient upward turn of the handle is required before all three points will engage. An integrated mishandling device helps protect the door and frame from accidental damage. Features deadbolt below the handleset.

(Highly recommended for 8'0" and double fiberglass doors. Not recommended for steel doors. Strike plate packages available to meet the installation needs of various MPLS applications.)
