High-Definition Color

Transform your home's entrance with a fresh coat of color, creating a stunning and lasting impression. By pairing Boise Cascade Millwork's Symphony Collection with warm neutral exteriors, you can beautifully highlight your space.

PRISMAGUARD® PREMIUM PAINT

- 1 It starts with the smooth or wood-grained surface of a Therma-Tru® door, composite door frame or door surround.
- 2 A base coat provides an even, consistent color across the surface.
- 3 A durable topcoat enhances the high-definition color while protecting against scratches and color fading.
- 4 A second application of the topcoat provides added durability and optimal sheen for a high-end look.
